

# YORKSHIRE PLUS REGIONAL RETREAT 2019

For Presbyters, Deacons and Lay Employees

## 'IN A GOOD PLACE?' with Jill Baker

During this retreat we will think about the importance of place in our own lives: How has place impacted upon our spirituality? Where have been our "sacred spaces"? Is there a "theology of place"? How do we reconcile rootedness and journeying? Where does pilgrimage fit in? How important is place in the bible narrative? Above all, the retreat will provide space (in a beautiful place) to reflect and pray and seek to discover a renewed "good place" in God.

Jill Baker is a lay Methodist living in Glasgow, a local preacher, tutor and pilgrimage leader. She was Vice-President of the 2017-18 Methodist Conference, taking the theme for that year of "Day by Day" and continues to explore how rhythm can be life-giving. Her chief therapy is connecting with the rhythms of the seasons through gardening and walking. She is a member of the Ministries Committee and Chair of the Methodist Council.
