

Have you ever questioned the meaning of life, or what your purpose is? Alpha is a chance to explore life and the Christian faith in a friendly, open and relaxed way. We'd love for you to join us online on Tuesday evenings at 7pm via Zoom. We will begin each session with space for informal chat before watching a video together and spending some time discussing what we've heard and any questions we have.

These evenings will be free to attend, but you will need to book in advance. Send us an email if you are interested in joining or if you have any further questions. Looking forward to seeing you!
